

## Charkula global public School - PTA & PTA Executive Committee

Membership of the Parent-Teacher Association: all parents by the fact that their wards are students of CHARKULA GLOBAL PUBLIC school are members of the General Body of the PTA; similarly, all teachers automatically belong to the General Body of the PTA; all STAFF in the Administration and Management of the school are members of the PTA General Body.

The purpose of the PTA is to provide a forum where the opinions of the various adult stakeholders of the school can frankly share their opinions. This is significant in enabling all stakeholders in assisting the school in reaching its objectives. It is noted that this body is consultative. All decisions pertaining to the school are ratified in the Managing Committee of the school.

The PTA body is a joint effort between Parents and Teachers to make our students experience at CGPS a more enriching one. Each parent is a volunteer, offering their willingness to contribute time, energy and help facilitate resources to CGPS. The school Parent Teacher Association Executive Committee consists of 10 parents (at least one from each class : classes 3 to 12). CLASS 1 & 2 parents are new to the school system and thus, are given a year to understand the rich traditions of the school over the last 11 years and the particular ethos of the school, making the school a unique educational environment. There are another 10 Teacher representatives (one from each the set of teachers, teaching a class – classes 3 to 12). The Section Heads and the Principal are ex-officio members. The term of a parent representative is 2 + 2 years, so long as the parents' son remains a student of the school. The teachers term is for 2 years. These positions are honorary.

Parents who wish to be selected to this forum are requested to send in their applications to the Principal at [charkulaschool@gmail.com](mailto:charkulaschool@gmail.com) It is important that such parents commit themselves to attend regularly - for the PTA Executive meeting. It is expected that such parents bring a holistic consideration to education to the discussions and that their concern goes beyond the wellbeing of their child to the entire teaching-learning community in the school. They are expected to consider long-term implications of all suggestions. The Principal, in consultation with the respective Headmistress / Headmaster / Administrator nominates parents to this core group) and the Vice President (Parents) of the PTA Executive Committee then appoints the said parent to the PTA Executive Committee.

The PTA executive committee members meet often for a stronger link between the school and the home. We are here as a part of you, for our wards, School and Society, at large. Together with the teachers, we make important decisions regarding curriculum and projects, organizing events and raising funds to support our children's learning and make the environment at CGPS the best it can be e.g. choosing of text books; facilitating the communication between school and the parents concerns regarding uniforms, enabling our students be competitive on a national stage by opting to have them do the ASSET examinations; building an ever safer and healthy environment for our students.

The PTA Fee which is the PTA annual membership fee and any other charges the PTA Executive committee decides are required because of the additional benefit the services would mean to the student-parent and teaching community. The decisions of the PTA Executive, especially those involving any financial aspects are ratified at the next PTA AGM;

The parents always look forward to hear from all parents - Email : [charkulaschool@gmail.com](mailto:charkulaschool@gmail.com)
